Dear Mrs Dann,

Re: Modification Application

Thank you for your letter of 22nd October. As you suggested, we contacted the NCC to try and clarify the position as to the so-called private rights. The NCC confirmed that private rights were not the subject of the PC's Modification Application. The determination of the existence or otherwise of any private rights would not be a matter for the NCC.

In the circumstances, please let us know who it is that the PC believes has a private right and how that private right is to be established in law.

Please confirm that you will send copies of our letter of 22nd October and your reply of the same date, and this letter, to all members of the Parish Council.

Yours sincerely,
